Adobe Photoshop • PowerPoint

CORE & SOFT SKILLS

- Teamwork and clear communication
- Time management and deadlines
- Attention to detail
- Problem solving and adaptability
- Presenting design ideas visually

TECHNICAL WORK

Construction drawing sets, dimensioning and notation, site and landscape planning, design development.

PROFILE

Architect with hands-on experience across urban development, landscape, healthcare and hotel design, and full construction documentation. Certified Expert in Architectural Digital Visualization & BIM (Element80, 2023), working fluently in Revit, AutoCAD, 3ds Max, V-Ray, Lumion and Photoshop. Completed the Marasem 006 programme in architectural consultancy workflow, regulations and technical drawings.

SELECTED PROJECTS

CONSTRUCTION DOCUMENTATION (MDO)

Private Villa – Na'ur, Amman

Complete 40-sheet construction drawing set for a 374 m² plot (186.9 m² project area): site, drainage and roof plans; floor plans with dimension, furniture, notation, tiling and ceiling versions; elevations, sections and enlargements; door, window and finishing schedules.

Hotel – Al Muhajeroun, Amman

44-sheet construction drawing set for a 392.87 m² plot (761.6 m² total area): cellar to second-floor plans with dimension, notation, furniture, tile and lighting sheets; sections, elevations and enlargements.

ACADEMIC PROJECTS

Wastiyah Development Project – Graduation Project, Irbid

Urban revitalization of Kufr Asad for about 9,000 residents: area analysis into two main and five individual zones; proposals for services, traffic flow, street furniture, green spaces, renewable energy and community engagement. [Revit](#) • [AutoCAD](#) • [Lumion](#) • [PowerPoint](#) • [Photoshop](#)

Proposed Hospital – Shafa Badran

Al al-Bayt University, with Al Ahliyya Amman University. 150-bed hospital with operating rooms, outpatient clinics, an emergency department and supporting functions. [Revit](#) • [AutoCAD](#) • [Lumion](#) • [Photoshop](#)

Al-Mafraq Public Park

Proposed initiative of the Municipality of Mafraq: an inclusive public park with recreation and sports facilities and services for different age groups. [AutoCAD](#) • [Revit](#) • [Lumion](#) • [Photoshop](#)

TRAINING & CERTIFICATIONS

Architecture Digital Visualization & BIM – Certified Expert

Element80, 2023 (certificate no. 22702023). Completed all programme requirements across Autodesk Revit, Autodesk 3ds Max, Adobe Photoshop, V-Ray and Lumion.

Marasem 006 Training Program

Professional training for newly graduated architects through practical work on real projects: relevant laws and regulations, architectural design, technical and construction drawings, and exposure to the workflow of architectural consultancy offices.

EDUCATION

Bachelor's degree in Architecture

Al al-Bayt University • 2018 – 2024
